

San Diego FAASTeam presents:

Pixar's Motion Picture Planes - Unique Problems & Special Solutions

Flight Instructor Ryan Johnson will discuss his experience flying a Piper Seminole as he recorded the aircraft sounds for the film's character, "Rochelle", voiced by Julia Louise-Dreyfus. Unusual flights such as this, require special planning and attention to details not normally experienced in traditional flights. Considerations must be given to preflight preparations as well as administration of safety during the actual flight.

He will discuss: How he got involved in the film
The coordination with Disney regarding when and where to meet
The setup process
Unique and unusual issues that need to be considered
Special preflight considerations and safety mitigation strategies
The recording process
Seeing the final product

Directions: I-805 South to 905, take 905 East toward Otay Mesa. Take the Britannia exit, turn left onto Britannia, turn left onto Otay Mesa Rd. Turn right at the stoplight at Cactus Rd into Brown Field entrance, turn right onto Continental Ave. Follow instructions at security gate to call EAA for entrance. Chapter 14 is next to Brown Field control tower.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
